

Julian C. Jamison

julison@gmail.com

Residence: Oxford UK (settled status)

Citizenship: USA & Canada

EDUCATION

Massachusetts Institute of Technology (Cambridge, MA) 1994-98
Ph.D. in Economics (advisors: Lones Smith and Peter Diamond)
Fields: Microeconomic Theory, Political Economy, Economic History

California Institute of Technology (Pasadena, CA) 1990-94
M.S. in Mathematics
B.S. (with honors) in Mathematics

PROFESSIONAL EXPERIENCE

Business School, University of Exeter 2018-
Professor, Department of Economics

Nuffield College, Oxford: Associate Member 2020-
Department of Economics, Oxford: Associate Member 2022-
Jameel Poverty Action Lab (JPAL), MIT: Research Affiliate 2018-

Development Economics Group, The World Bank 2015-18
Senior Economist, Mind-Behavior-Development Unit (eMBeD)

Office of Research, Consumer Financial Protection Bureau
Chief, Decision Making and Behavioral Studies Section 2013-15
Senior Economist 2012-13

Research Department, Federal Reserve Bank of Boston 2009-12
Senior Economist, Center for Behavioral Economics

Brain and Creativity Institute, University of Southern California 2006-09
Research Assistant Professor of Psychology

School of Public Health, UC Berkeley (and UCSF) 2004-06
Fellow, Robert Wood Johnson Health & Society Scholars Program

Kellogg School of Management, Northwestern University 1999-
Assistant Professor, Managerial Economics and Decision Science 2004

Division of Social Sciences, California Institute of Technology 1998-99
Postdoctoral Scholar

JOURNAL ARTICLES

- “Costly Offers and the Equilibration Properties of the Multiple Unit Double Auction Under Conditions of Unpredictable Shifts of Demand and Supply” (with C Plott), *J Econ Behavior and Organization*, **32** (April 1997), 591-612.
reprinted in *Market Institutions and Price Discovery: Collected Papers (II)*, by Charles Plott, Edward Elgar (2001).
- “Lithium Revisited: Savings Brought About by the Use of Lithium, 1970-1991” (with RJ Wyatt and I Henter), *Psychiatric Quarterly*, **72:2** (Summer 2001), 149-166.
- “The Le Chatelier Principle in Lattices,” *Economics Bulletin*, **3:2** (2006), 1-9.
- “Do Risk-Takers Floss?” *Amer J Epi* **163:11** (2006), S63.
- “Collusion with (Almost) No Information” (with J Hörner), *RAND J of Econ*, **38:3** (2007), 804-22.
- “What’s in the Dictionary (or Is It?)” (with J Hörner), *J Quantitative Linguistics*, **14:2** (2007), 215-21.
- “Sequential Common-Value Auctions with Asymmetrically Informed Bidders” (with J Hörner), *Rev of Econ Studies*, **75** (2008), 475-98.
- “To Deceive or Not to Deceive: The Effect of Deception on Behavior in Future Laboratory Experiments” (with D Karlan and L Schechter), *J Econ Behavior and Organization*, **68** (2008), 477-88.
- “Well-Being and Neuroeconomics,” *Economics and Philosophy*, **24:3** (2008), 407-18.
- “When Curiosity Kills the Profits: An Experimental Examination” (with D Karlan), *Games & Econ Behavior*, **66** (2009), 830-40.
- “Methodological Challenges in Psychiatric Treatment Adherence Research” (with D Velligan et al.), *Clinical Schizophrenia & Related Psychoses*, **4:1** (2010), 74-91.
- “Multiple Selves in Intertemporal Choice” (with JS Wegener), *J Econ Psych*, **31** (2010), 832-9.
- “Characterizing the Amount and Speed of Discounting Procedures” (with DT Jamison), *J of Benefit-Cost Analysis*, **2:2** (2011), Article 1.
- “Strategic Choice of Preferences: the Persona Model” (with DH Wolpert, D Newth, and M Harre), *B.E. Journal of Theoretical Econ*, **11:1** (2011), ISSN 1935-1704.
- “Incentivizing Safe Sex: A randomized trial of conditional cash transfers for HIV and STI prevention in rural Tanzania” (with D de Walque et al.), *Brit Med J Open*, **2:1** (2012).
- “Games with Synergistic Utilities”, *Games*, **3:1** (2012), 41-55.
- “Shifting Confidence in Home Ownership: The Great Recession” (with A Bracha), *B.E. Journal of Macroeconomics*, **12:3** (2012), Article 5.

- “Ambiguous Solicitation: Ambiguous Prescription” (with R Gazzale, A Karlan, and D Karlan), *Economic Inquiry*, **51:1** (2013), 1002-11.
- “Mixed Method Evaluation of a Passive mHealth Sexual Information Texting Service in Uganda” (with D Karlan and P Raffler), *Information Technologies & Int’l Development*, **9:3** (2013), 1-28.
- “Renegotiation Perfection in Infinite Games”, *Game Theory*, Article 742508 (2014).
- “Two Examples of Equilibrium Nonexistence”, *Math Econ Letters*, **1:2-4** (2014), 55-60.
- “Women’s entrepreneurship and intimate partner violence: A cluster randomized trial of microenterprise assistance and partner participation in post-conflict Uganda” (with E Green, C Blattman, and J Annan), *Social Sci & Med*, **133** (2015), 177-88.
[corrigendum 2016]
- “Selecting Public Goods Institutions: Who Likes to Punish and Reward?” (with M Drouvelis), *Southern Econ J*, **82:2** (2015), 501-34.
- “Predicting Health Behaviors with Economic Preferences and Locus of Control” (with L Conell-Price), *J Behavioral & Experimental Econ*, **54** (2015), 1-9.
- “Does poverty alleviation decrease depression symptoms in post-conflict settings? A cluster-randomized trial of microenterprise assistance in northern Uganda” (with E Green, J Annan, and C Blattman), *Global Mental Health*, **3** (2016) e7.
- “Candy Elasticity: Halloween Experiments on Public Political Statements” (with D Karlan), *Economic Inquiry*, **54:1** (2016), 543-7.
- “The Returns to Cash and Microenterprise Support among the Ultra-Poor: A Field Experiment” (with C Blattman, E Green, C Lehmann, and J Annan), *Amer Econ J: Applied*, **8:2** (2016), 35-64.
- “Perceptions Regarding the Value of Life Before and After Birth”, *Reproductive System and Sexual Disorders*, **5:4** (2016), 1000195.
- “Measuring the Measurement Error: A Method to Qualitatively Validate Survey Data” (with C Blattman, T Koroknay-Palicz, K Rodrigues, and M Sheridan), *J Dev Econ*, **120** (2016), 99-112.
- “Behaviorally Informed Policies for Household Financial Decisionmaking” (with B Madrian, HE Herschfield, AB Sussman, et al.), *Behavioral Science & Policy*, **3:1** (2017), 27-42.
- “Overcoming Behavioral Obstacles to Escaping Poverty” (with C Bryan, N Mažar, et al.), *Behavioral Science & Policy*, **3:1** (2017), 81-92.
- “Social Learning about Environmental Innovations: Experimental Analysis of Adoption Timing” (with D Owens and G Woroch), *Strategic Behav & Env’t*, **7:1-2** (2017), 135-78.

- “Reducing Crime and Violence: Experimental Evidence on Adult Noncognitive Investments in Liberia” (with C Blattman and M Sheridan), *Amer Econ Rev*, **107:4** (2017), 1165-1206.
- “Risk Preferences in Future Military Leaders” (with P Bell, R Engel, D Hudson, and W Skimmyhorn), *J Behav Econ for Policy*, **2:2** (2018), 11-24.
- “Accounting for Timing when Assessing Health-Related Policies” (with K Claxton et al.), *J Benefit-Cost Analysis*, **10:S1** (2019), 73-105.
- “The Entry of Randomized Assignment into the Social Sciences” *J Causal Inference*, **7:1** (2019).
- “Don’t Swipe the Small Stuff: A Randomized Evaluation of Rules of Thumb-based Financial Education” (with R Daniels, D Hanson, C Stacy, and B Theodos), *J Consumer Affairs*, **54** (2020), 701-22.
- “Six-Country Survey on COVID-19” (with M Belot, S Choi, NW Papageorge, E Tripodi, and E van den Broek-Altenburg), *COVID Economics* **17** (May 13, 2020), 205-19.
- “Valuable Cheap Talk and Equilibrium Selection”, *Games*, **11:3** (2020), 34.
- “Socio-Demographic Factors Associated with Self-Protecting Behavior during the Covid-19 Pandemic” (with NW Papageorge, MV Zahn, M Belot, E Broek-Altenburg, S Choi, and E Tripodi), *J Population Econ*, <https://doi.org/10.1007/s00148-020-00818-x> (2021).
- “Choice Architecture to Improve Financial Decision Making” (with D Beckett, J Carpenter, E Huet-Vaughn, P Matthews, and A Robbett), *Rev Econ & Stat*, **103:1** (2021), 102-18.
- “Unequal Consequences of COVID-19: Representative Evidence from Six Countries” (with M Belot, S Choi, E Tripodi, E van den Broek-Altenburg, and NW Papageorge), *Rev Econ Household*, <https://doi.org/10.1007/s11150-021-09560-z> (2021).
- “Motivating Bureaucrats through Social Recognition: External Validity – A Tale of Two States” (with V Gauri, N Mažar, and O Ozier), *Org Behavior & Human Decision Processes*, **163** (2021), 117-31.
- “Applying Behavioral Insights to Tax Compliance: Experimental Evidence from Latvia” (with N Mažar and I Sen), *J Tax Admin*, **6:2** (2021), 6-32.
- “Comparing the impact on COVID-19 mortality of self-imposed behavior change and of government regulations across 13 countries” (with D Bundy, DT Jamison, J Spitz, and S Verguet), *Health Services Research*, **56:5** (2021), 874-84.
- “Cooperation in the Commons: Community-Based Rangeland Management in Namibia” (with DL Coppock, L Crowley, SL Durham, D Groves, D Karlan, BE Norton, and RD Ramsey), *Nature Communications Earth & Environment*, **3** (2022), article 32.
- “Computational Ethics” (with E Awad, et al.), *Trends in Cog Sci*, **26:5** (2022), 388-405.
- “The effects of text reminders on the utilization of family planning services: Evidence from a randomized controlled trial in urban Mozambique” (with J Leight, C Hensly, M Chissano, E Safran, and L Ali), *BMJ Global Health*, **7** (2022), e007862.

- “Credit Building or Credit Crumbling? A Credit Builder Loan’s Effects on Credit Scores and Predictive Power” (with J Burke, D Karlan, K Mihaly, and J Zinman), *Rev Financial Studies* (2022), DOI: 10.1093/rfs/hhac060.
- “The Relationship between Conflicts, Economic Shocks, and Death with Depression, Economic Activities, and Human Capital Investment in Nigeria” (with R Sato, K McGee, J Perng, and T Tanaka), *Medicine, Conflict, and Survival* **38:3** (2022), 170-83.
- “Shared Decision-Making: Can Improved Counseling Increase Willingness to Pay for Modern Contraceptives?” (with S Athey, K Bergstrom, V Hadad, B Ozler, L Parisotto, and JD Sama), *Science Advances* **9:40** (6 Oct 2023).
- “Does alleviating poverty increase cognitive performance? Short and long term evidence from a randomized controlled trial” (with B Szaszi, B Palfi, G Neszveda, A Taka, P Szécsi, C Blattman, and M Sheridan), *Cortex*, **169** (Dec 2023), 81-94.
- “Cognitive behavior therapy reduces crime and violence over 10 years: Experimental evidence” (with C Blattman, S Chaskel, and M Sheridan), *AER: Insights*, **5:4** (2023), 527-45.
- “Persistent yet Ameliorable COVID-19 Impacts on Female Entrepreneurship: Experimental Evidence from Kenya” (with F Campos, M Hernandez de Benito, A Safir, and B Zia), *J Dev Econ*, **177** (2025), 103546.
- “Five-Year Impacts of Group-Based Financial Education and Savings Promotion for Ugandan Youth” (with S Horn, D Karlan, and J Zinman), *Rev Econ & Stat*, **108** (2026), 257-71.
- “The Infeasibility of Democratic Deliberation: Voicelessness”, revised for *Bioethics*
- “How Effective Is (More) Money? Randomizing Unconditional Cash Transfer Amounts in the US” (with A Jaroszewicz, JM Jachimowicz, and O Hauser), revised for *Nature Communications*

BOOK CHAPTERS

- “Incorporating Deaths Near the Time of Birth into Estimates of the Global Burden of Disease” (with DT Jamison, SA Shahid-Salles, JE Lawn, and J Zupan), *The Global Burden of Disease and Risk Factors*, A Lopez *et al* (eds.), Oxford (2006).
- “Toward a Theory of Syntax and Persuasive Communication”, in *Exact Methods in the Study of Language and Text*, Grzybek and Köhler (eds.), de Gruyter (2007).
- “Schelling Formalized: Strategic Choices of Non-Rational Behavior” (with DH Wolpert), in *Evolution and Rationality*, Binmore and Okasha (eds.), UK (2012).
- “Inequality in Survival” (with DT Jamison, OF Norheim, and S Verguet), in *Global Health Priority-Setting*, Norheim, Emanuel, and Millum (eds.), Oxford (2020).
- “The Role of School Closures and the Education System in Pandemic Preparedness and Response” (with D Bundy, L Schultz, et al.), in *DCP4 Vol 2: Investing in Pandemic Prevention, Preparedness, and Response*, S Sharma et al. (eds.), World Bank (2026).

- “Designing Markets for the Common Good”, *Kellogg World*, **3** (Winter 2002).
- “Do Only Women Clean in a ‘Perfect’ World?” (with J Hörner), *Proc Int’l Conf of Math 2002: Game Theory & Applications*, Qingdao Publishing House (2002).
- “Optimal Strategy for a Number-Guessing Game” (with K Schilling, C Blatter, et al), *Amer Math Monthly*, **113:1** (2006), pp. 81-82.
- “Live to Regret Those Calories...” Letter to the Editor, *The New York Times* (Nov 6, 2006).
- “Libertarian Paternalism and Growing Up”, *Harvard College Economics Review* (Spring 2011).
- “The Paradox of Voting Revisited”, *Harvard College Economics Review* (Spring 2012).
- “Norms and Communication in Collaboration”, *CSWEP News*, Issue III (2017).
- “Improving Mental Well-Being and Productivity of Small-Medium Entrepreneurs in Fragile, Conflict, and Violence Affected Areas” (with P Saraf et al.), *World Bank Policy Research Working Paper #8489* (2018).
- “Addressing High School Dropouts with a Scalable Intervention: The Case of PODER” (with C Avitabile, J Cuevas, and R de Hoyos Navarro), *World Bank Policy Research Working Paper #9085* (2019).
- “Economic analysis of COVID-19 responses”, *theincidentaleconomist.com* (April 1, 2020).
- “Lockdowns will starve people in low-income countries”, *The Washington Post* (April 20, 2020).
- “Why our response to the pandemic can’t be one dimensional” (with S Wilkinson), *Exeter Expertise* (Dec 16, 2020).
- “Behavioral Aspects of Healthy Longevity” (with AM Rojas, AM Munoz Boudet, E Moscoe, and C Rumiallo Herl), *World Bank Policy Research Working Paper #10347* (2023).
- “Solution to S/O1 Transit Problem” (with L Stein, J Meyer, E Specht, et al), *MIT Alumni Tech Review*, **128:1** puzzle corner (2025).

WORKING PAPERS

- "The impact of hunger and resource availability on prosocial behavior: A developmental cross-national investigation" (with J Cowell, et al.); submitted
- “Socioemotional Skills in Sub-Saharan Africa: Validating and Comparing Behavioral and Self-Reported Measures” (with CA Delavallade, S Das, LM Rouanet, A Clerkin, and C Gonzalez); submitted
- “Capital, Capability, or Confidence: Experimental Evidence on Youth Entrepreneurship in Kenya” (with Y Domenella, M Hernandez-de-Benito, A Safir, and B Zia)

“Hotelling’s Spatial Model with Finitely Many Consumers” (with J Hörner)

“Valuing Future Lives: A Perspective-weighted Approach” (with G Alexandrie)

PROFESSIONAL SERVICE

Lead for Economics Group, Global Priorities Institute: 2024-25

Director of Research for Economics, Exeter: 2018-22

Academic Affiliate, United States Office of Evaluation Sciences (OES): 2018-22

Associate Editor, *Behavioral Science & Policy* and *The Unjournal*

Research Director, Berkeley Experimental Social Science Laboratory: 2004-6

PhD supervision: Vikas Chaudhary (Exeter 2021) and Cevdet Acu (Exeter 2023)

VISITING POSITIONS

Social Sciences Division, California Institute of Technology (Pasadena, CA) 2026

Global Priorities Institute, Oxford: Senior Research Affiliate 2019-25

Department of Economics & KSG, Harvard University (Cambridge, MA) 2010-12

Women & Public Policy Program, Harvard University (Cambridge, MA) 2009-12

Department of Economics, Yale University (New Haven, CT) 2008-10

Intelligent Systems Division, Ames Research Center, NASA (Mountain View, CA) 2008

Finance and Economics, HEC School of Management (Jouy-en-Josas, France) 2007

Social Sciences Division, California Institute of Technology (Pasadena, CA) 2006-07

ADVISORY BOARDS

Happier Lives Institute (UK)

Institute for Quality Research & Development (Liberia)

CONSULTING

Lockheed-Martin

NASA Ames and JPL

Bates White, LLC

World Bank Group

NIMH

GiveWell

BCG

HONORS/AWARDS

Robert A. Millikan Scholarship and Carnation Fellowship (Caltech)

Honorable Mention (top 100 in N America) in Putnam Mathematics Competition (1993)

Elected to *Tau Beta Pi* Engineering Honor Society

E.T. Bell Prize for Outstanding Undergraduate Mathematics Research (1994)

‘Dean’s List’ for exceptional teaching (Kellogg)

Invited Speaker at plenary debate on neuroeconomics, ESA World Meeting (Rome 2007)

Best Paper Award, *ConNEcs 2008* (Copenhagen)

Young Leader’s Forum, National Committee on US-China Relations

Keynote Speaker, Behavioral Research for Emerging and Applied Knowledge (BREAK 2016)

World Bank Research Academy winner (2017)

President’s Award for Innovation, World Bank (2018)

Keynote Speaker, 6th Annual Workshop on Behavioral Development Economics (UEA 2019)

First Place: Excellence in Using Evidence to Build Human Capital, HD Week (2019)

Outstanding Research Support Award, Dept of Economics at Exeter (2021-22)
